the company

TONON is manufacturing in **Italy**, the collections are for **residential and commercial** destinations, selling in **68** countries of the world, the most important point is the **customer**

Tonon 100% made in Italy

Since 1926 Tonon is a well-known international brand in the world of seating, reliable and synonymous with design and quality MADE IN ITALY. Characterizing features that come from the past: their origins date back to the twenties, include years of careful and creative manufacturing. Even after the industrialization of the fifties, the pleasure of thinking and making never ended. Tonon today bases itself on research and development, on new materials and technologies, with a craftsman's heart and an industrial mind.

Tonon & design

Behind every product stays a face. Important international architects are developing together with us proposals for the domestic and commercial markets. Professional people with different cultural backgrounds create our seating collections with great aesthetic and functional sensitivity and this in harmony with the declared Tonon philosophy: to present products for international markets.

Tonon & customized products

In parallel to the organization of the standard production, in Tonon we have a team which responds to the continuous and increasing demand of customized products, especially in the HORECA business (hotels, restaurants, cafeterias). Tonon is able to collaborate efficiently with the customers and with the design studios, creating new product versions.

Tonon & customers

Tonon customers are all over the world. Our sales office and our export managers are doing the best to assist our dealers.

Companies of the Tonon group

In 2010 Tonon has taken over the brand of Prototipo. The products of Prototipo are more transitional with a glamour touch and as consequence complementary to the Tonon collection. In 2013 this Prototipo collection entered inside the Tonon catalogue.

In 2011 the Tonon group added as satellite the company Casa Soft. This company allows Tonon to get more and more involved in the soft seating. Specially for customized orders in the contract business, Tonon is now competitive also with its sofa products.

PROTOTIPO 2010
MADE IN ITALY

the evolution

TONON was founded in **1926** by Alberto Tonon, always **100%** made in Italy, TONON continues to be one of the **leaders** in the **world of seating**.

the founder

alberto tonon
"cavaliere del regno"
founds the company

1926

manzano 1926
the location of the company is in the northeast of italy, the friuli area in the village of manzano

"la fabbrica" 1950
tonon is growing up to **220 workers**. in the area the people are calling the company tonon simply **"la fabbrica"** (the factory)

the thirties **1933**

tonon delivers deckchairs for the cruise ship rex for lloyd trieste

the sons **1960**

augusto and bruno tonon lead the company in the 60ies, supplying the italian furniture industries as subcontractor

high gloss lacquer **1981**

high gloss furniture are coming in fashion. tonon gets with the **paperclip** chair a bestseller in america. department stores as **bloomingdale and macy's** sell the chair all over the united states

the research **1985**

in cooperation with the designer **paolo nava** and a company in the aircraft industry tonon is developing the first **carbonfiber chair**

the change of upholstery **1998**

tonon is changing from the traditional upholstery on wooden frame to shells with steel construction and injected foam

episodes collection **1998**

episodes collection will get soon one of the most famous collections of tonon. in 2004 tonon delivers over 1900 chairs for the main restaurant of the **queen mary 2**

new materials **2003**

the first chair in skin injected foam is born (integral foam)

You for me **2007**

sandro tonon develops together with 6 designers a fully upholstered collection all manufactured with injected foam shells

up - chair **2011**

the up-chair immediately gets the favorite in all international markets, both for the material and for its organic design

river side **2016**

the product manufactured in soft touch polyplus for indoor and outdoor seating

technology of bent wood **1929**

alberto tonon, brings as first the technology of bent wood to italy

bicycle wheels **1935**

the economic crisis in italy, everything is lacking, tonon specializes in the production of bicycle wheels in wood

sandro tonon **1971**

sandro tonon joins the company. bringing tonon back to its own brand. uniforma, is the first collection of design after supplying the furniture industry

jonathan chair **1983**

paolo nava creates the jonathan chair. a new interpretation of the typical bent chair of the past.

contract collection **1986**

tonon opens a new market in the **horeca** business (hotel, restaurant, cafeteria). the wide program of the **flower collection** gives an answer for every destination. hotel chains like **sheraton, holiday inn, hilton** etc. get customers of tonon.

not only wood **2000**

follow me is the first collection of tonon that includes metal chairs

internationa awards **2002**

reddot design award
shell is one of the first winning products of tonon in a design award

here comes the sun **2009**

the first outdoor collection. tonon invests in moulds. sundance, sunrise and sunset are produced in polyethylene with a rotational moulding process.

sideboard move **2015**

our first sideboard is born with carved front doors in wood or in soft touch

designer creations

Designer's products: important international architects study proposing new designs for furnishing domestic, commercial and leisure interiors. They are designers who cooperate permanently with Tonon. Professional people with recognized reputations and skills, of great aesthetic and functional sensitivity capable of innovative and practical proposals at the same time. In harmony with the declared Tonon philosophy: to present itself to an international market in an exclusive and dedicated way.

Progetti d'autore

Prodotti d'autore: firme importanti del design internazionale che studiano e propongono nuovi progetti per l'arredamento. Sono designers che collaborano stabilmente con Tonon, professionisti di fama e capacità riconosciute, di grande sensibilità estetica e funzionale, capaci di proposte innovative e concrete ad un tempo. In armonia con la dichiarata filosofia Tonon: proporsi ad un mercato internazionale in modo esclusivo.

customized products

In parallel to the organization of the production chain, in Tonon works a team which responds to the continuous and increasing demand of customized products, especially in the horeca business (hotels, restaurants, cafeterias). Tonon is able to collaborate efficiently with the customers and with the design studios creating new product versions, both in dimensions and in structure or purpose characteristics. This is surely a contribution to the rationality and to the personality of the contemporary living style.

Prodotti su misura

Parallelamente all'organizzazione della filiera produttiva, opera in Tonon una squadra che risponde alla continua e crescente domanda di prodotti su misura, in particolare nel settore dell'ospitalità (dell'hotellerie, dell'accoglienza).

Tonon è in grado di collaborare efficacemente con le aziende committenti e con gli studi di progettazione d'interni ideando e realizzando variabili di prodotto sia in termini di misure che di caratteristiche di forma e di funzione: un sicuro contributo alla razionalità e alla personalità dell'abitare contemporaneo.

Up-chair è un prodotto di tendenza, dalle forme organiche. La scocca è in schiumato integrale “half soft touch”, disponibile in 15 colori.

Le gambe sono in metallo laccato, acciaio cromato opaco o lucido, in legno, in pressofusione di alluminio e una base a colonna in acciaio cromato lucido, verniciato bianco o nero. Una versione sofisticata è l'Up-chair leather. Disponibile con base in acciaio o in legno.

Up-chair is a technical, fresh and innovative product with organic shapes. The shell in integral polyurethane called “half soft touch” is available in 15 fresh colours. The legs are available in steel lacquered, mat or polished chrome finish, in wood or lacquered die cast aluminium. The column version is available in polished chrome, white or black lacquered steel. A more sophisticated version is the Up-chair leather. Available with different bases in steel and wood.

Up-chair, il bestseller nato nel 2012 ha ora una nuova versione. Alla scocca in materiale tecnico soft touch è stato abbinato un bracciolo in legno massello di noce canaletto oppure rovere. Un materiale innovativo ed un dettaglio in legno dalla lavorazione artigianale hanno creato un vero capolavoro.

Up-chair, the bestseller created in 2012 has now a new version. The shell in the technical soft touch material is enriched with wood armrests in solid American walnut or oak. An innovative material and the craftsmanship in the wood manufacturing have created an authentic masterpiece.

Ispirata dai classici e reinterpretata.

La scocca dalla forma organica della step è composta da un telaio autoportante, schiumato in gomma integrale colorata chiamata "soft touch". Si adatta alla forma del corpo e trasmette una piacevole sensazione di morbidezza che dona alla seduta il massimo comfort. All'attraente fusto con 4 gambe in metallo, disponibili anche nell'elegante versione rivestita in legno nell'essenza noce americano o rovere, si aggiungono le varianti a slitta e la base centrale in pressofusione di alluminio.

Inspired by the Classics and reread.

The organic shape shell is made of a self-supporting frame, injected with coloured integral foam called "soft touch". The shell fits the body shape offering a pleasant sensation of softness which gives the seating the utmost comfort. Beside the attractive 4-leg base in metal or with elegant wooden legs in American Walnut or oak, step is also available with cantilever base and central column base in lacquered die cast aluminium.

Pit dall' aspetto minimalista, completamente imbottita in pelle o tessuto con eleganti impunture e con gambe in noce o rovere massello è disponibile ora anche in un materiale tecnico. Il Design team MHK è rimasto fedele alla sua linea minimalista, ma il materiale utilizzato si è rinnovato, creando quindi un modello moderno e attuale. La seduta in poliuretano integrale "soft touch" conquista subito la simpatia del consumatore, questo grazie anche alla facilità nella pulizia del prodotto, alla comodità ed al tocco morbido e confortevole del materiale.

Pit with the minimalist look, fully upholstered in leather or fabric, with elegant stitching and with legs in solid walnut or oak, will be available now in a technical material too. The Design team MHK keeps the minimalist line but the material used is renewed, creating a modern and update model. The seating solution made of integral foam "soft touch" wins immediately the heart of the consumers thanks also to the simplicity of cleaning the product, to the comfort and to the softness of this material.

CROSS SECTION
Ø12 mm

La scocca della Tako chair ha una forma organica ed è costituita da un telaio portante in acciaio, schiumato in poliuretano. La scocca trasmette una piacevole sensazione di morbidezza, che promette il massimo comfort di seduta. L'attraente fusto con quattro gambe in legno massello è fornibile sia in noce canaletto che in rovere. Un'ulteriore variante della Tako chair è la versione in soft touch in sei colori.

The organic shaped shell of Tako chair is made by a steel frame with injected polyurethane foam. The shell gives a nice sensation of softness which promises the utmost comfort when seated. The attractive 4-leg base is available both in American walnut and in oak. An additional variation of Tako chair is the soft touch version, available in six colours.

Sedia in legno curvato dalla forma fluida, dove tutti gli elementi si sovrappongono uno all'altro senza interruzione. Cuore della sedia è un profilo triangolare in alluminio ad estrusione: funge da componente tecnico e crea un interessante contrasto estetico.

The bentwood chair with fluent form. Through the form wood technology all elements are overlapped without any interruptions. The heart of the chair is an aluminium bar with a triangular section: this component is a very important technical detail of construction with an aesthetic contrast.

Jonathan 30 è la nuova versione del modello Jonathan creata da Paolo Nava 30 anni fa. I due ovali sono costituiti da un telaio autoportante schiumato in gomma integrale colorata e sono uniti da un elemento in pressofusione di alluminio. Le forme organiche dello schienale e del sedile si adattano perfettamente al corpo ed il materiale integrale trasmette una piacevole sensazione di morbidezza che dona alla seduta il massimo comfort. La scocca è fornibile in 13 diversi colori. L'elegante base a 4 gambe in legno massello è disponibile in noce americano o rovere.

Jonathan 30 is the new version of the Jonathan model designed by Paolo Nava 30 years ago. The two ovals are made of a self supporting frame padded with coloured integral foam and are linked with a die-cast aluminium joint. The organic shapes of seat and back fit perfectly the body and the integral foam transmits a pleasant sensation of softness giving the utmost comfort to the seat. The shell is supplied in 13 different colours. The elegant 4-leg base in solid wood is available in American walnut or oak.

base

F040 polished steel

Ampio programma di sedute in poliuretano ignifugo schiumato a freddo con struttura interna in acciaio. Due le versioni disponibili per la base su colonna: a ragno in acciaio cromato lucido o opaco oppure con piastra in acciaio cromato opaco. Entrambe le varianti sono disponibili fisse o con sistema girevole a 360° con meccanismo di ritorno. Wave si propone con una lounge in nuova versione, in poliuretano schiumato a freddo, con una super imbottitura che ne accentua la comodità. Base su stelo: a ragno è disponibile in acciaio cromato lucido o opaco, oppure in laccato nero.

Seating program with shells in injected fire retardant foam with a self supporting structure in high resistance steel. Two options for the column base are available: spider base in chromium or matt chromium plated steel or as alternative a square plate base in matt chromium plated steel. Both versions are possible fixed or 360° swivel with memory return. Wave is proposed with a new lounge version. The shell is in injected foam, with a super padding which emphasizes the comfort. The spider base is available in chromium or matt chromium plated steel or, black lacquered steel.

**Il comfort di seduta si abbina
all'apparente esilità del fusto in tondino
d'acciaio satinato oppure laccato nero.
La scocca è in compensato di faggio,
l'imbottitura in poliuretano espanso.
Il legno è tornato, disponibili ora anche
per questo modello le gambe in legno
massello.**

This model offers exceptionally sturdy and comfortable seating perfectly matched with an apparently slender base. As a result, this chair possesses a unique and original classic modern elegance. Lili is suitable for many areas in public spaces. Wood is back, also for this model now legs in massive wood.

Non ci sono limiti alla lunghezza della panca. Su richiesta può essere infatti prodotta su misura. La lunghezza minima è di 1.60 metri e fino a 3 metri non necessita di ulteriori basi di appoggio. La versione in legno massello è fornibile sia in rovere che in noce canaletto, la versione in metallo sia in cromo lucido che verniciata nera. Per il rivestimento del sedile e dello schienale in poliuretano è disponibile un' ampia gamma di tessuti e di pelli.

The bench "for us" invites to sit down. The length of the bench has no limits. Upon request, the bench can be custom made. The minimum length is 1.60 meter and can be supplied up to a maximum length of 3 meters without extra support leg. The wood version is available in both solid oak, as well as in American walnut, the variation in metal in chrome and black matt lacquered. For the upholstery of the seats and backs in polyurethane foam, a large selection of fabrics and leathers are available.

Per il rivestimento del sedile e dello schienale in poliuretano è disponibile un' ampia gamma di tessuti e di pelli.

The bench "for us" invites to sit down. The length of the bench has no limits. Upon request, the bench can be custom made. The minimum length is 1.6 meter and can be supplied up to a maximum length of 3 meters without extra support leg. The wood version is available in both solid oak, as well as in American walnut, the variation in metal in chrome and black matt lacquered. For the upholstery of the seats and backs in polyurethane foam, a large selection of fabrics and leathers are available.

leather_soft cat 9

Leather is a natural product, it quickly adjusts to the body temperature and is soft and comfortable. Every hide is a unique specimen with special properties that are harmonized as much as possible during the tanning and dyeing process. Small scars, insect bites, folds or stains do not reduce the quality of the leather; they simply confirm this naturalness. Leather can expand due to the body heat and, depending on the conditions, the folds will not reform. Tips for cleaning and care. Dust the leather with a damp rag. Small stains or ballpoint pen marks can be removed with a transparent rubber eraser. Soak up liquids immediately with a soft rag and then wipe them off with a damp rag. It is best to use distilled water and mild detergent. You should treat the furniture with a leather care product occasionally. Avoid aggressive cleaners. Please note that the colour of the leather may change over time if continually exposed to strong light; white leather is especially sensitive, this is not a material defect but a reaction of the natural product to strong light sources.

The chemicals needed for the production of leather, used for the tanning, the dyeing and finishing of the raw hides, do not contain substances which can be harmful for health or the environment. Due to technical reasons it is not possible to guarantee the same tonality of colour from one bath to another.
